What doesn't hurt you may still
cause pain, so climb the
mountain only when ready

Mount Kilimanjaro

**Walk with God and enjoy the
warmth this winter, as you walk
and listen to your tunes or
podcasts think about all the
opportunity for growth in Christ.
I think about past, present and
future as I walk, enjoy and do
your own thing to find health,
peace and contentment.**

**Please Note: this is one member's
perspective of our walking path.*
